**WE'RE A TEAM THAT IS FANATICALLY FOCUSED ON CLOUD SECURITY.**

We make it our business to ensure that you feel secure taking your business to the cloud. We've served as a catalyst in several of our customers' cloud migration strategies by providing secure data management solutions that help organizations use cloud storage with confidence.

The team at Parablu is led by experts in security and data management with

where they reside - whether in a public, private or a hybrid cloud. Our unique secure storage container allows you to create a secure space on the cloud storage of your choice which only you control - not the cloud vendor, not us - only you. With our Privacy Gateway, which enforces strict segregation of encryption duties, we provide customers solutions that help them secure their data in the cloud while also providing a defensible position for regulatory
