Our Impact

Treehouse is dedicated to closing the achievement gap between youth in foster care and their peers forever.

By providing our students with the academic and other essential support that all kids need to succeed, we've watched them become more self-determined and invested in their education than ever before. And despite the challenges our students face in foster care, their graduation rates are on the rise.

Our Services

Supporting Youth in Foster Care

Treehouse provides academic and other essential support for more than 7,500 youth in foster care across Washington state each year. Our integrated, research-based services ensure that kids receive the support they need to succeed in school, fulfill key material needs and provide important childhood experiences that every youth deserves and needs to graduate from high school at the same rate as their peers with a plan for their future.
