SMART DISPLAY (MODEL SD2000)

~~\$599.99~~ **\$499.99**

You Save 16% (\$100.00)

The Smart Display is compatible with multiple Pocket Radar devices including the Smart Coach Radar and the Pro Radar Module. The Display is view-able to over 100 feet in bright sunlight, with a wide angle and full 3 digit display. Lightweight and ultra-portable for in the field use, its brightness levels adjust automatically with light conditions. It can be powered using standard Alkaline C-size battery externally using standard USB chargers or Power Packs.
