

SPRAY FOAM EQUIPMENT
& Manufacturing

Our Products

We take great pride in our Louisiana manufacturing plant and the talented technicians who work there. Our experienced Spray Foam Equipment & Manufacturing team produces tough reliable equipment that spray-foam professionals depend on. In addition to our Boss line of products made in our own shop, we distribute other quality equipment that you need on the job.

Spray Foam Equipment & Manufacturing knows what you are looking for – durable equipment that is reliable and simple to operate. Our spray machines, guns, hoses and other parts are built to stand up to the rigors of the job. We design our products with ease of use in mind so you can be up and running quickly.

BOSS™ HYDRAULIC PROPORTIONER

\$14,200.00

A game-changer for the spray foam and coatings industry.

We've designed and built this high-performance machine to produce the highest output of any machine on the market today. The BOSS™ hydraulic proportioner provides optimal performance through its design and the quality components used to manufacture it. We are confident these proportioners will meet or exceed your expectations, we offer a money back guarantee on every one sold.
