STEP 1

Send us impressions of your teeth.

Your \$95 Impression Kit will give you everything you need to send us a complete model of your mouth that our orthodontists use to design your treatment plan.

STEP 2

Review your new smile.

No two people are alike. That's why our orthodontists personally review your impressions, create a treatment plan, and then personally explain your treatment plan to you using a fully interactive 3D model.

STEP 3

Custom aligners delivered to your door.

We'll deliver your custom aligners and step-by-step treatment plan right to your door. You also get our exclusive **HyperByte**, and our BrightByte teeth whitener, all

covered under
our **byte for life**
guarantee™.

We do it better.
