About American Van Equipment

Welcome to American Van Equipment.

American Van Equipment began manufacturing and supplying local companies with ladder racks and van shelving in 1978. From the very start our goal was to provide top quality products at fair prices which when selling to a small community of customers is essential if you are going to build a successful business. As the company grew the merchandise line was expanded and the decision was made to develop a catalog displaying all our products that would enable us to broaden our market by mailing into other areas. This single decision enabled us to take our local small town ethic of top quality and fair prices to servicemen and contractors all across America.

That was many years and catalogs ago. American Van now mails millions of catalogs annually to contractors all across the United States. We have been offering practical storage solutions for vans and pick-ups for over 30 years now. Unlike most catalog/retailers, we are also the manufacturer of most of the products we sell. We are experts at what we do and the products we offer reflect our years of experience in the van and truck equipment industry. And now with the development of our new web site you can have access to our entire product line when it's convenient for you, in the comfort of your home or office.

Top quality, direct from us to you!

By manufacturing and selling you equipment direct from our factory you're assured of the very best value anywhere. We manufacture our products, you order them, and we ship them to you. No middleman, no additional mark ups. It's a simple equation that saves you money.

But don't let our reasonable prices raise doubt in your mind about the quality of our equipment. We manufacture rugged, heavy duty equipment from the finest materials available painted with long lasting durable finishes.

We guarantee your 100% satisfaction, and we'll be there for you if you need us!

Unlike many companies selling on the Internet, American Van Equipment is an established company with over 100 employees housed in a 130,000 square foot plus manufacturing and distribution facility in Lakewood, New Jersey. We will be there for you when you need us, now and in the future. If for any reason you are not 100% satisfied with your order or our service simply call our Customer Service Department at

[800-323-6646](tel:800-323-6646) to arrange for a return or exchange. Any item returned in new and unused condition within 30 days of receipt will receive a prompt and courteous refund of the merchandise cost, no questions asked. We can offer this extraordinary guarantee without hesitation because we go to great lengths to supply our customers with products that don't let them or us down!

Ordering couldn't be easier

You can order on this web site 24 hours a day, 7 days a week. If you need help designing a storage solution for your vehicle you can call and speak to one of our Customer Sales Representatives who will help you select the right merchandise for your application. You can call our Customer Sales Department Monday - Friday, 8:30am - 8:00pm EST at [800-526-4743](tel:800-526-4743).
