

Directions: Read complete set of detailed instructions contained within this kit. Average deodorizing takes 4 hours. Allow for overnight treatment in conditions for extreme contamination.

CAUTION: Avoid contact with eyes, skin or breathing of vapors. If spilled, rinse thoroughly with water and seek medical attention if necessary. Never inhale while the ODOOR GOBLIN™ treatment is activating or after the activation is complete. Chlorine dioxide gas can cause irritation of your respiratory system for a few hours or cause a headache or nausea. **KEEP OUT OF THE REACH OF CHILDREN.**

Contents:
 2- Mylar pouches
 1 - Liquid Activator
 Detailed instructions and window insert
