Hydraulic Actuators

 Expand All Collapse All

Inch

Metric

Low Pressure

(Actuators for applications requiring supply pressures up to 500 PSI.)

Medium Pressure

(Actuators for applications requiring supply pressures up to 1500 PSI.)

High Pressure

(Actuators for applications requiring supply pressures up to 3000 PSI.)

Position Control

(Inductive sensors for use with hydraulic actuators.)

Accessories

(Product accessories including switches, fittings, brackets, nuts, shock absorbers and more.)

Fittings/Port Adaptors/Pins

Fittings

#10-32 to 1/4" OD Tubing Barbed Fitting

Bimba offers aluminum alloy barbed fittings for use with 1/4" OD tubing.

Adaptors

#10-32 to 1/8 NPT Adaptor

Adaptors are available for a variety of cylinders in multiple bore sizes.

Pivot/Clevis Pins

NFPA Tie Rod Clevis Pin (w/bridge pin)

Clevis pins are offered as an accessory to most NFPA cylinders.

NFPA Tie Rod Clevis Pin (w/cotter pin)

Clevis pins are offered as an accessory to most NFPA cylinders.

NFPA Tie Rod Clevis Pin (w/retaining rings)

Clevis pins are offered as an accessory to most NFPA cylinders.

Stainless Steel NFPA Tie Rod Clevis Pin (w/cotter pin)

live help

Clevis pins are offered as an accessory to most NFPA cylinders.

Mounting Brackets

Flange Brackets / Mounting Blocks

Base Bar

A base bar is available for TRD's FM series NFPA cylinders.

Ultran® Rodless Mounting Block

Mounting blocks are available for Ultran® rodless cylinders.

Clevis Brackets

NFPA Clevis Bracket

Clevis brackets are available for Mead tie-rod cylinders.

NFPA Tie Rod Clevis Bracket

Clevis brackets are available for TRD NFPA tie rod cylinders.

NFPA Tie-Rod Stainless Steel Clevis Bracket

Clevis brackets are available for TRD NFPA tie-rod cylinders.

Pivot Bracket MP2

Protects cylinders from side loading by allowing the rear of the cylinder to pivot.

Pivot Brackets (Eye Brackets)

NFPA Pivot Bracket

Pivot brackets are one type of NFPA mount available for Mead cylinders.

NFPA Tie-Rod Eye Bracket

NFPA tie-rod eye brackets are available for mounting TRD cylinders.

Stainless Steel NFPA Tie-Rod Eye Bracket

NFPA tie rod eye brackets are available for mounting TRD's SS series cylinders.

Standard Non-Repairable Round Line Pivot Bracket

Pivot brackets are one type of mounting option available for Bimba's Original Line® series cylinders.

Foot Brackets

Standard Non-Repairable Round Line Foot Bracket

Bimba offers foot mounting brackets for Original Line® cylinders.

Trunnion Brackets

Standard Non-Repairable Round Line Trunnion Bracket

Trunnion brackets are just one type of mounting option available for Bimba's Original Line® cylinders.

Shock Absorber / Proxy Switch Brackets

Ultran® Rodless Shock Absorber/Switch Bracket

Shock absorber/switch brackets are available for Bimba's Ultran® UG series rodless cylinders.

Nuts

Rod End Nuts

**Jam Nut (#5-40 to 1"-14)**

Bimba offers rod nuts for most cylinders and bore sizes.

Nose Mounting Nuts**Repairable Round Line Mounting Nuts**

Mounting nuts are available for Mead's Centaur series cylinders.

**Round Line Mounting Nuts**

Mounting nuts are available for Bimba's Original Line® cylinders.

Rod Attachments**Alignment Couplers****Alignment Coupler (#5-40 to 1"-14)**

Alignment couplers help reduce binding and simplify field alignment problems.

**MEAD Alignment Coupler (5/16-24 to 1-1/4-12)**

Mead offers self aligning rod couplers in 9 thread sizes.

Rod Clevis**NFPA Rod Clevis**

Rod Clevises are available in each bore size for Mead's NFPA standard cylinders.

**NFPA Tie Rod, Rod Clevis (Cast Steel)**

Rod clevises are available for TRD's NFPA cylinders.

**NFPA Tie Rod, Rod Clevis (Machined)**

Rod clevises are available for TRD's NFPA cylinders.

**Round Line Rod Clevis**

Rod clevises are available for round line cylinders.

**Stainless Steel NFPA Tie Rod, Rod Clevis**

Rod clevises are available for TRD's NFPA cylinders.

Rod Pivots (Rod Eyes)**NFPA Rod Eye**

Rod eyes are designed for use with all standard Mead cylinders.

**NFPA Tie Rod, Rod Eye**

Rod eyes are available for TRD's NFPA cylinders.

**Stainless Steel NFPA Tie Rod, Rod Eye**

Rod eyes are available for TRD's NFPA cylinders.

Spherical Rod Eye**NFPA Spherical Rod Eye**

Spherical pivot bearing mounts can be furnished as a weldment for TRD MH, TAS and HH series cylinders.

Rod Stud**Standard Non-Repairable Round Line Rod Stud**

Hex studs are available for Bimba's "500" series cylinders.

Shock Absorbers and Stroke Adjusters**9/16" to 2" Bore Shock Absorbers**

Shock absorbers can be used to decelerate loads or absorb excess kinetic energy.

energy.

Stop Collar

Stop collars are needed for shock absorbers if stroke adjustment is required.

Stroke Adjustment

Stroke adjusters are available for Bimba Ultrac® rodless slides.

Transition Plates

Rotary Mount Block

These mounting blocks are used with PneuTurn® rotary actuators.

Transition Plates

Used to couple Bimba rodless, rotary, and guided actuators together for multi-axis configurations.
