

Where to Buy

Whether you are a roofing contractor or a roofing materials supplier you have access to the full line of quality PRIMO roofing products. There are many suppliers that carry the PRIMO roofing line and others that are taking on PRIMO as they realize the quality and affordability can be partnered in the same product.

Listed below are the suppliers that currently carry the PRIMO line of roofing products – please contact your local area building materials supplier for PRIMO. If you are a large volume contractor or a supplier who wishes to purchase full truck loads (either of a single product or mixed materials) see the list of PRIMO direct ship sales Reps provided below.
