

*Experience Taylor Made Polish in person or order your own custom branded polishes online*

*You're planning a...*

birthday party

bridal shower

girls' night out

bachelorette party

special day with your  
daughter

*...but are looking for that unique experience that hasn't been done (and overdone).*

*Welcome to Taylor Made Polish, a truly unique experience where guests can custom-design their own bottle of high-quality nail polish.*

But this isn't your drug store nail polish, filled with chemicals. We're different because we care about quality and minimizing exposure to harmful chemicals. We source our products from eco-friendly suppliers that are validated free from animal testing.

Many brand name polishes on the market are committed to being 3-free (that's free from three of the major chemicals that are included in some of the lower-quality polishes). But we take it a step further by using 8-free products.

*Taylor Made is a health-conscious alternative to traditional nail polish.*

Our polish also makes great gift ideas for clients or swag bags. We can custom-make your brand colors and ship them to you. Find out more!

## ABOUT OUR FOUNDER

Over several years, Vanessa began making changes to better her health and environment—organic foods, CSA workshare, switching hair and skin care products. She knew there were nasty chemicals in polish, but wasn't initially willing to give up acrylic nails. How bad could it really be? She started reading more and more, and what she found was very unsettling and decided she needed to make the change, and if she couldn't find what she wanted, she would make it.

Vanessa joined the Air Force right after high school and had her first son while she and her then-husband were stationed in Alaska. She later moved to the East Coast and spent 10 years working for Merck, a pharmaceutical company. She had her second son and eventually left her corporate job to pursue a better work/life balance. Now married to Kris and with another son added to the brood, Taylor Made is Vanessa's opportunity to nurture the girlie side of life. Her boys, now aged 19, 14 and 6, have all participated in the building of the business and the brand.

Vanessa and Kris have been instrumental in the revitalization of the downtown Easton area. They live and work downtown and have invested in some of the many efforts to create a more authentic, family-friendly atmosphere in the area. Vanessa and her family are regular fixtures at the farmer's market and other local events and they volunteer for the Easton Mainstreet Initiative.

## TAYLOR MADE? DON'T YOU MEAN TAILOR MADE?

We really do know how to spell...promise! Taylor Made is named for Vanessa's grandparents, Carroll and Pearl Taylor. They were instrumental in raising Vanessa, providing constant support and encouragement starting from a young age.

## OUR MISSION

Taylor Made Polish is customizing and strengthening the connection between customers and their cosmetics through direct communication and hands-on experiences.
