Two Conversion Models From Which to Choose

AMS Legend - Our flagship side-entry product boasts a strong conversion with a simple, crash test certified design. The power folding ramp and removable front passenger seat configuration satisfy most individual and family needs. Our side entry design gets its strength from the floor panel that is simple and keeps maintenance and repair costs low. We offer the AMS Vans Side Entry Conversion on any 1996 through current model year Chrysler Town and Country or Dodge Grand Caravan.

AMS Edge - AMS has created an affordable and safe channel rear-entry accessible vehicle that seats up to 6 comfortably with 5 doors for easy access to any seat. With the new channel rear entry conversion, we are proud to say we have created the most versatile accessible vehicle yet! The lowered floor and manual ramp operation of this ADA compliant conversion offers problem-free ownership and years of enjoyment. Our lifetime warranty also eliminates the fear of costly repairs.
