

Quick ReleaseTM

Life extension
for metal

Not Just Another Oil

Quick Release
is the next
generation of
lubricant
designed to
adhere to
metal on the
molecular level.
Quick Release
penetrates,
lubricates,
and protects,
extending the
life of the tools
that you
depend on.

Improves performance of ALL moving metal parts

Anti-wear
Forms a self-renewing protective surface

Friction Fighter
Creates a layer of lubrication to minimize friction

Protects Parts
Keeps moving parts clean by preventing buildup

Tools, Guns, Boats, Lawn Mowers, Household Appliances, Moving Metal Parts Will Last Longer and Work Better
