TRAINING & PROFESSIONAL DEVELOPMENT

TAG strives to be a resource for all its members. In addition to supporting the technology community with events and society meetings, TAG also provides a rotating calendar of content rich professional development classes, links to webinars and a robust catalog of training providers for our members. Contact Heather Maxfield to get more information, heather@tagonline.org.

FEATURED TRAINING

CIO Certification Series:
Developed for CIOs and Aspiring CIOs

The CIO Certification Series is for any technology professionals who desire to be CIOs and covers all the major functions of the CIO role, such as managing IS

processes, strategic planning, IS governance, partnership-based IT operations, app development, new tech, info security, IT investments, and more.
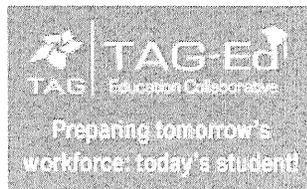

RECOMMENDED TRAINING
