We at SHOW understand that most buyers don't want to see one home, they want to see multiple. So we have built in the ability to schedule 1 or multiple showings and your buyer will stay with the same showing broker the whole time. Could you imagine them having a different showing broker for every house? We couldn't either. We have built SHOW with your feedback in mind!</p> | | |

FAQ

Frequently Asked Questions

Do I have to submit feedback to get paid?

Yes. The realtor needs to hear how the showing went.

What if the client wants to see houses not on the tour?

You must contact the hiring agent to add more showings. This ensures you get paid for the correct amount of time.

What if someone steals my client?

Before anyone can drive with SHOW they agree to our terms of use. That includes a procuring cause waiver. This ensures if the client does buy with that realtor you would be the agent receiving the commission.

Will SHOW assist in legal disputes?

SHOW prides itself on upholding REALTOR standards. We will do everything in our power to make sure fair is fair.
