

World Famous Technical Help

Our website will give you a foundation and common point of reference for speaking with us. You will learn a lot about products, applications and other information. It will bring your line of questioning to a higher level and actually save you time. You may be able to narrow your product options and ask us more focused questions about your project by visiting our [Frequently Asked Questions](#) and [How-To](#) Sections. We also have a number of [useful reference guides](#).

Our [Powerful Search Box](#) at the top of the page is also an excellent tool to help you find what you're looking for.

Thinking of Contacting Technical Help for Assistance?

Before contacting our Technical Help Line, Please refer to our website resources and tools first.

If you can identify a product that you think may do the job for you, read the technical bulletin for that product. Technical bulletins are loaded with information that will answer many of your questions or help you better understand a technician.

Check the Status of an Existing Ticket

If you previously submitted a ticket using our Online Technical Request Form you can check the status of that ticket here.

About Smooth-On, Inc.

You may never have heard of us, but you've seen our products at work. If you've ever been to the movies, admired a piece of sculpture, marveled at detailed architectural ornamentation or used a telephone; then you've encountered the handiwork of people who use Smooth-On rubbers, plastics, foams and other products to turn their ideas into 3-dimensional reality.
