Learn what Jumpshare can do: File Sharing   Screenshot Capture   Screen Recording   Have a team?   Try Jumpshare Business

Capture and share anything quickly

Jumpshare has everything you need to share better from one easy to use platform.

Drag and drop files to share

Drag files to the Jumpshare system tray icon and a link will be copied to your clipboard, ready to be shared.
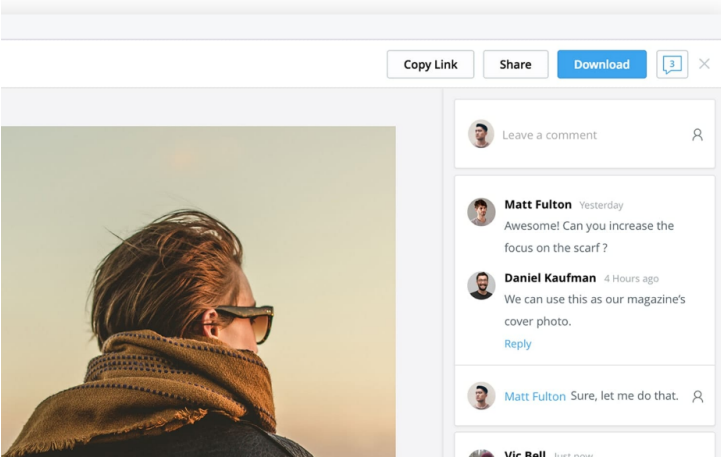

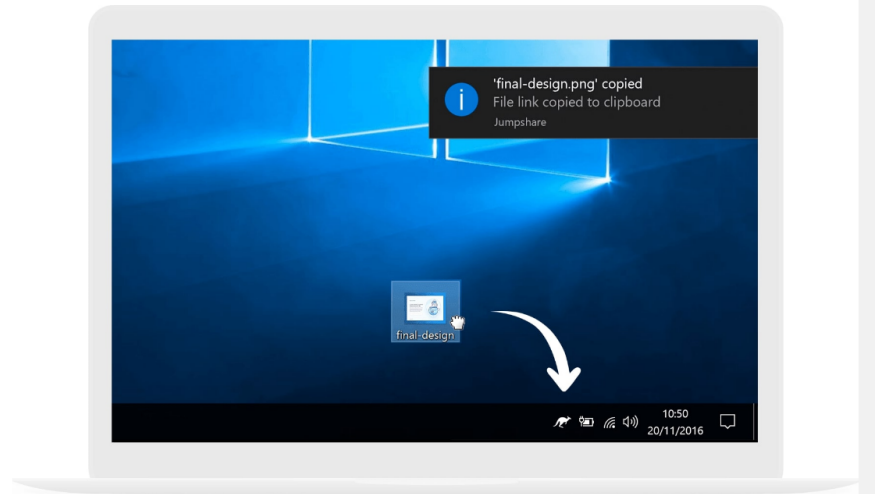

Capture and annotate screenshots

Take pixel perfect screenshots with annotation and markup to share ideas, bugs and concepts.

Record your screen with audio

Use screen recordings to explain and guide your customers, team members, or clients quickly.

Access everything from one place

Everything you upload can be accessed and shared instantly from the Jumpshare system tray app.

Matt Fulton Yesterday
Awesome! Can you increase the focus on the scarf ?

Daniel Kaufman 4 Hours ago
We can use this as our magazine's cover photo.
Reply

Matt Fulton Sure, let me do that.

Vic Bell Just now

Collaborate at the speed of thought

Simplify the process of collecting feedback from stakeholders by having them comment directly on your files. Accomplish great work by bringing everyone on board.

Organize everything in one place

Whether it's your work or a side project, you can upload and organize everything in visually stunning folders - choose how they appear and who can view them.

## Work with your files on the go

Work doesn't have to end just because you're out of office. Upload and share your files, check what's shared with you, and access work documents. Stay on top of everything!

A delightful viewing experience

Impress your team and clients with a beautiful file viewer that can preview over 200 formats online. View photos, videos, large documents, presentations, and more.

Jumpshare has everything you need to share files better.

Real time sharing   **File tracking**   **Advanced controls**   **Custom branding**   **Military grade security**

Trusted by thousands of users

"Jumpshare is my go-to way of sending design mockups and final files to clients. It is simple, fast, and reliable."

Jord Riekwel - Logo Designer

"Jumpshare lets me see who has viewed which file. This is important because it allows me to time follow up calls."

Anthony Painter - Construction Professional

"We use Jumpshare to share files with our clients - either during development or for the final delivery. This is the best file sharing solution we have found that strikes a great balance between usability

"Jumpshare replaces about four or five apps that I would typically need to use every day to work. This is such an improvement to my daily workflow."

Spotify EVERNOTE Adobe salesforce NIKE DISNEY
