

Kitchen machines, electric garbage disposals, universal machines and apparatus for slicing and cutting, namely electric machines and apparatus for slicing or cutting food products, fruit and vegetables, kitchen apparatus and machines [not hand-operated or electric] for mincing, grinding, squeezing, cutting, grating, peeling or mixing, namely graters, mixers, beaters, kneaders, choppers, grinders and separators for foodstuffs, juicers, fruit or vegetable juicers, vegetable peelers, slicers, vegetable cutters, electric knives; can-opening machines; machines and automatic machines for laundry washing; spin driers; dishwashers, ironing machines, electric coffee grinders, electric kitchen machines, electric juice extractors, electric mixers, electric can openers, machines for cleaning footwear, washing appliances, vacuum cleaners; floor and wall maintenance machines such as sanding machines, scrubbing machines; vacuum cleaners for household use; accessories and components of vacuum cleaners for household use, namely: vacuum cleaner brushes, vacuum cleaner hoses, vacuum cleaner bags; apparatus and installations for spraying, rinsing and cleaning, particularly instruments for cleaning at high-pressure, using steam and steam blasting or steam particles, spray extraction apparatus, brushing machines, wet vacuum apparatus, brush vacuum cleaners, cleaning machines for hard surfaces and textile furnishings, road sweeping machines; washing and rinsing machines; parts of these goods, namely brushes, pipes, hand guns, suction strainers, nozzles, pipes of metal; electric hammers, pneumatic drills, rotary drills, impact drills, drill screwdrivers, angle drills, drilling machines; electric impact wrenches, pneumatic impact wrenches; electric ratchet wrenches, pneumatic ratchet wrenches; electric hammers; electric sanders; polishing machines; electric saws, chainsaws; sharpeners, electric grinding wheels, pneumatic grinding wheels, grinders, disc sanders; planing machines; pneumatic shears, electric shears; clippers (machines); painting machines; cleaning machines; pneumatic knives, electric knives, knife sharpening machines; glue guns, being hand held tools or fixed mechanically or electrically or pneumatically operated; electric machine tools or other accessories for lasers providing accessories for an optical unidirectional guide; blowers and suction machines for dust, dust extraction tubes; gas-operated soldering irons, electric soldering irons; electric tool boxes and cases; wire brushes (machine parts); machine tools; motors and engines; couplings and transmission belts for machines; transmissions for machines; couplings (machines); torque converters, clutches, fly wheels, shock absorbers, steering wheels other than for land vehicles; speed bumps and machine brakes, their parts, their command and control devices, in particular mechanical, hydraulic, pneumatic, electrical, electrostatic, electromagnetic; alternators; starter motors; dynamos; igniting devices for internal combustion engines; spark plugs; heating plugs for diesel engines; friction linings and anti-friction linings other than for vehicles; shoes, shoe plates, blocks, washers, sectors, discs, belts, furs, rollers, made of or coated with friction or anti-friction bodies other than for vehicles; carbon brushes, particularly for alternators, electric motors or dynamos; fans for motors and

engines; hydraulic actuators of clutch controls; electric motors other than for land vehicles; hydraulic or pneumatic control devices for apparatus for heating, refrigerating, ventilating, ventilation, air conditioning, ventilation, air-conditioning for vehicles; turbines other than for land vehicles; hydraulic or pneumatic controls for hydraulic clutches; hydraulic or pneumatic control units for engines; transmissions, clutches, clutch mechanisms, friction discs, clutch release bearings, other than for vehicles; hydraulic clutch controls; electric clutch controls; electronic and hydraulic actuators for clutch controls; electric generators; alternators; aeronautical engines; compressed air engines; filters for cleaning cooling air, for motors and engines; oil filters, gasoline filters; shock absorber pistons (parts of machines); anti-pollution devices for motors and engines; vacuum cleaners; vacuum cleaner accessories for disseminating perfumes and disinfectants; gearboxes other than for land vehicles; fuel economizers for motors and engines; cartridges for filtering machines; clack valves [parts of machines]; control cables for machines, engines or motors; control mechanisms for machines, engines or motors; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; fuel conversion apparatus for internal combustion engines; fan belts for motors and engines; belts for motors and engines; jacks (machines); cylinder heads for engines; cylinders for motors and engines; pistons for cylinders; starters for motors and engines; water separators; heat exchangers (parts of machines); exhausts for motors and engines; injectors for motor and engines; joints (parts of engines); washing apparatus; washing installations for vehicles; lifting apparatus; machinery gears; pistons (parts of machines, motors or engines); air pumps (garage installations); pressure valves (parts of machines); propulsion mechanisms other than for land vehicles; radiators [cooling] for motors and engines; valves (parts of machines); heat exchangers (parts of machines); turbocompressors; fans for motors and engines; control modules for electric motors; radiators [cooling] for motors and engines; mufflers, fans for motors and engines; motor reducers; equipment for eliminating pollutant gases by photocatalysis; belt speed drives.

**09**

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), emergency (life-saving) and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for recording, transmitting, reproducing sound or images; apparatus and media for recording, transmission and reproduction of analog or digital data for sounds, images; radio and television sets, radio-alarm clocks; software and software packages; data processing equipment; computers; fire extinguishers; computer peripheral devices, namely screens, keyboards, computer mice, control consoles and levers, digital, optical and magnetic disk and diskette drives, digitizers, printers, modems,

loudspeakers, headsets; telephone, fax and telecommunication apparatus; local networks, namely, data processing equipment, integrated set-top receivers; television sets; cabinets for loudspeakers, loudspeakers; sound recording media; audio tape recorders; video recorders; high-fidelity sound systems; amplifiers, player-recorders for music, images, texts, videos and multimedia data; cameras, namely, photographic cameras, digital cameras, motion picture cameras, video cameras; telephones, mobile telephones, telephones over the Internet and related accessories for the aforesaid goods, namely, headphones, microphones, audio speakers, batteries; battery chargers; fire and smoke detection apparatus, including fire alarms and smoke detectors; fire extinguishers; electric locks, weather stations; videophones, electric monitoring apparatus; intercoms; video telephones; radars; protective plug for electric apparatus; remote control, radio control receivers; electric or electronic apparatus and instruments for processing, storage, transmission, dissemination and reception of data relating to the automation and management of the home and home equipment; computer interfaces for home automation applications; mobile software and applications for connected electronic apparatus for use in the fields of connected health, sports and well-being and home automation; mobile software and applications for monitoring and security in the home, control and monitoring of electronic, electric apparatus and electric household appliances, for household energy management, remote control and management of apparatus for health and personal well-being; apparatus and sensors for monitoring, control and remote control of electric, electronic and household apparatus; electric sensors; connected sensors; sensors for connected well-being and apparatus; connected bracelets and spectacles; thermometers (not for medical use); connected thermometers (not for medical purposes); connected scales; apparatus and instruments, particularly modular, for the supply of low or medium voltage electricity, conducting, distribution, switching, transformation, accumulation, regulation or control of low or medium voltage electricity; switches, relays, programmers and thermostats; load controllers; light dimmers; plugs, sockets; electric conductors, particularly wires, cables, rails and buses; transformers; inverters (electricity); terminal blocks; connection boxes; terminals (electricity); circuit breakers; breakers, circuit breakers, switches, isolating switches; sunglasses, spectacles, fashion spectacles, protective goggles and masks for the eyes and for sporting activities; spectacle lenses, spectacle holders, spectacle frames, spectacle cases and holders; spectacle chains; contact lenses and their containers, magnifying glasses; binoculars; optical apparatus and instruments; glass for protective masks; frames for protective masks; cases and holders for protective masks; protective supports for shoulders and elbows, for protection against accidents; protective helmets; protection devices against accidents for personal use.

11

Installations, apparatus for heating, steam generating, cooking, refrigerating, drying, air conditioning, ventilation, water supply; apparatus, instruments and machines for air and water purification; air

conditioners; air purifiers; grills for barbecuing; baths, bathtubs, whirlpool baths and bath installations; beverage-cooling apparatus and ice dispensers; charcoal grills; cooking ovens; dehumidifiers; household ovens; electric steam cookers for food; electric food warmers; electric grills; electric apparatus for heating food for infants; electric radiators; electric toasters; freezers; gas grills; all-purpose electric apparatus for preparing food (worktops) for grilling, roasting, cooking, baking, browning and for barbecue and food grills; cooker hoods; refrigerating machines; refrigerators; lighting apparatus and illuminating installations and parts thereof (included in this class), in particular electric lamps and luminaries; lighting apparatus with light-emitting diodes (LED), including organic LED, LED lamps and LED luminaires; hand dryers, apparatus for hair, namely, hair dryer; laundry driers; headlights for vehicles; vehicle headlights; signaling lights for vehicles; radiators, finned tubes, apparatus for heating, refrigerating, aeration, ventilation, air conditioning, climate control, demisters for vehicles and their parts; light bulbs for directional signals for vehicles; demisting heating apparatus for vehicles; anti-dazzle devices for vehicles (lamp fittings); heating apparatus for defrosting windows of vehicles; air conditioners for vehicles; defrosters for vehicles; level regulating valves for tanks; signaling lights for vehicles; heating and ventilating installations, incorporating a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment; heat guns, hot air guns.
