Distilled 5 gallon (deposit required)

\$7.95

Distillata distilled water has meant purity for well over one-hundred years. The distillation process removes all minerals and impurities, leaving only less than one part per million (ppm) of total dissolved solids and meeting all chemical requirements of the US Pharmacopeia. Our distilled water comes in high quality, BPA free plastic bottles.

5 or 3-gallon water products are subject to a \$7.00 per bottle deposit charge.

3 and 5-gallon water bottles are dispensed through water coolers for both [homes](#) and [offices](#). Our bottled water coolers will chill your water for refreshing hydration (instant hot options are available as well)!
