**NOTE TO APPLICANT:** When filed as part of the electronic form (i.e., scanned and attached as an image file), the signature page **must** include both the signature information **and** the declaration language. Do **not** include the entire application, but do ensure that the declaration language actually appears; *a signature by itself*

*will not be acceptable.* If, due to browser limitations, the declaration language appears on a previous page when printed, you must "merge" the declaration and signature block onto a single page prior to signing, so that the *one complete page* can be scanned to create an acceptable image file. It is recommended that you copy-and-paste the entire text form into another document, manipulate the spacing there to move the declaration and signature section to a separate page, and then print this new version of the text form to send to the signatory.

**IMPORTANT INFORMATION FOR APPLICANT:****No filing fee refunds**

Once your application is submitted, the USPTO we will not cancel the filing or refund your fee. The fee is a processing fee, which the USPTO does not refund even if a registration is not issued after substantive review of the application. This is true regardless of how soon after submission you might attempt to request cancellation of the filing.

**All information submitted made public**

All information submitted to the USPTO at any point in the application and/or registration process will become public record, including your name, phone number, e-mail address, and street address. Please be aware that **YOU HAVE NO RIGHT TO CONFIDENTIALITY** in the information disclosed. The public will be able to view the information in the USPTO's on-line databases and through internet search engines and other on-line databases and may use this information to contact you directly. This information will remain public even if the application is later abandoned or any resulting registration is surrendered, cancelled, or expired. For any information that may be subject to copyright protection, by submitting it to the USPTO, the filer is representing that he or she has the authority to grant, and is granting, the USPTO permission to make the information available in its on-line database and in copies of the application or registration record.

**Review of application**

Registration is not automatic or guaranteed. A USPTO examining attorney will review your application approximately three months after the filing date for compliance with all legal requirements. This may result in a letter (an "Office action") being issued that will require you to submit a response within a strict time deadline, even if a filing company has filed the original application on your behalf. Failure to submit a timely response will result in the abandonment of your application.

Under the Paperwork Reduction Act of 1995 no persons are required to respond to a collection of information unless it displays a valid OMB control number.
