FAMS

CUSTOMIZED ENFORCEMENT OF
ALARM ORDINANCES

REACH US

Overview

PM AM FAMS is the premier municipal alarm ordinance management solution in the marketplace. Designed as an end-to-end solution and used nationwide, PM AM FAMS assumes responsibility for the entire program, with the goals to **increase compliance, reduce false alarms, and deploy an effective cost recovery plan for your city.**

PM AM understands the exorbitant cost of false alarms for cities of all sizes and has deployed PM AM FAMS for over a decade, with unparalleled success. This comes from a deep understanding of alarm ordinances and program requirements, an ever-improving software solution rooted in the latest technologies (Business Intelligence, Robotic Process Automation), and a professional staff that represents your city by providing an industry-leading white-glove experience.

PM AM FAMS requires no startup costs or service fees. Taken together, PM AM FAMS is the obvious choice, a true return on no investment.
