The One Eliquid- Apple Cinnamon

First time trying this one and I must say that I'm really enjoying it. Great taste. Not kid stuff. Nicely flavored.

Strong tasty vape juice

This is one if the better juice flavors I've come across. There is a slightly tangy flavor of red delicious apples and a sweet sugary taste mixed with cinnamon. Has a close resemblance to Apple cider. I really liked that the flavors are spot on to the description too. Great vape!

Pretty tasty

Tastes like i just washed down a spoonful of cinnamon cereal down with a sip of apple juice. I love it. Just a touch heavy on the sweet. Still an excellent juice.

Im extremely picky with juice and really like this stuff. Its a little sweet at first but that seemed to deminish for me. Only downside is it's a coil killer.

Good but sweet

Flavor is very good. I don't really taste much apple. Tastes like cinnamon and sugar. A bit too sweet for me and I like sweet.

If you like milky flavors this is the one for you! The blueberry and strawberry are also pretty good as well but this on is my all time favorite it of them all. I'm really into strawberry milk but when i tried this, this really switched things up for me. It's pretty tasty and tastes just like apple pie.
