The Best VPN Services

Last updated: March 19, 2019

John Mason

To date, we've bought and used over 78 VPN services and published 1,400+ user-reviews. Find safe, well-performing VPNs below:

There are approximately 300+ VPN services (free and paid) that come and go.

Each one looking the same, sounding the same, offering the same features and promising to keep your connection completely secure and anonymous.

Our VPN Review Process:

1. Found 78 Most Popular VPN Apps
2. Bought Their Subscription, Installed App
3. Run Multiple Speed Tests
4. Fact-Checked Their Policies
5. Tested for IP, DNS & WebRTC Leaks
6. Tested for Netflix
7. Tested for Torrenting
8. Compared Usability, Cost and Value
