

FRAGRANCE-FREE

**odorcare**  
TECHNOLOGY

**COMMERCIAL STRENGTH  
ODOR ELIMINATOR**

**PERMANENTLY DESTROYS ANY  
ODOR. ANYTIME. ANYWHERE.™**

Made from  
**AMERICA'S PUREST ZEOLITE™**,  
odorcare granules permanently  
destroy the toughest odors (smoke,  
urine, vomit, musty, mold, mildew, food  
and beverage, animal) from any indoor  
or outdoor surface – including all flooring,  
carpet, furniture, upholstery and bedding  
and much more.

**DON'T MASK IT. DESTROY IT.™**

odorcare granules don't cover up odors.  
Instead the dry granules work like a powerful odor  
magnet to attract, absorb, and lock away liquids,  
solids and gases that cause odors.

**SPRINKLE AWAY LIFE'S TOUGHEST ODORS™**

odorcare is easy to use. Press on the easy-open cap, then sprinkle  
the granules on the affected area (must be used on dry surface, no  
need to rub them into surface). Wait for 30 minutes, then vacuum or  
sweep. Repeat, if necessary. For tougher odors, sprinkle and wait  
overnight, then vacuum or sweep. If swept, dispose of granules in trash  
can or outdoor soil (the granules are environmentally safe). Compact,  
lightweight and easy-to-hold bottle makes it effortless to carry from  
room-to-room. Also makes it easy to store on custodian and  
housekeeping carts, a shelf, or in a closet.

**Tips for best results:** Maintain air circulation around granules via use of  
a fan or open window. Keep cap lid closed when not in use.

**NO DYES • NO PERFUMES  
SAFE & HEALTHY TO USE AROUND PEOPLE & PETS  
NO HARMFUL CHEMICALS • COLOR SAFE**
