

LEND

Integrate new loans, refinances into new member applications

Incorporating easy, comfortable loan signup options into the on-boarding process addresses new members' immediate needs and allows you to create an instantly closer and more encompassing relationship.

KEY BENEFITS

- Responsive system makes the loan process simple and easy
- Combine membership and loans to maximize efficiency
- Flexible architecture supporting multiple products
- Simple operations interface for back office review and loan processing
- Works natively with Symitar's ELA
