SEE WHAT OUR MEMBERS SAY ABOUT PRIMETIME!

I have been a buy group member for 20 years, and it has been a very good investment. They have many benefits to make your business more profitable if you take advantage of it. The PrimeTime show has many good meetings and always super buys. RWS is one our best investments, they do a fantastic job doing their job.

As a MEGA transfer, I'm extremely excited about the new offerings of Nationwide Marketing Group. The convention we attended in Orlando was the best show I've attended. I was most pleased with the educational seminars and discounts at the show; I think what I saved by ordering there actually paid for my trip!

Janet LaBoube

Nationwide and PrimeTime allow me to buy deeper, more aggressive pricing to compete in my market. PrimeTime gets me prepared and gives me the knowledge to sell after talking to factory reps and seeing the new products. Lastly, engaging with fellow dealers helps me better understand the industry and different markets.
