

## EES THE EARLY YEARS

The Shipper family founded Event Equipment Sales in 1993. The company was established out of necessity to help support their growing rental operation, then known as **Chicago Party Rental**. As Ben Ill would say, "We were expanding so quickly, we needed to start manufacturing and importing products just to support our own growth." **Chicago Party Rental** would become one of North America's largest and most respected rental powerhouses. Event Equipment Sales complimented the growth by becoming one of the most respected and reliable suppliers to the entire special event and hospitality industries. By now, Debra Shipper Morse and Roberta Decillo were captaining EES while Ben Shipper IV continued to grow **Chicago Party Rental** at an exponential pace. Both companies continued large growth spurts until **Chicago Party Rental** was sold in late 2007.
