There are many styles of men's clothing from socks, pants and sexy shirts to our ever expanding line of underwear for men. Here you will find our male boxers, boxer briefs, standard briefs, bikinis and more. You won't find many of our styles at your local department store. We have plain white briefs and solid color underwear but we specialize in unique designer brands.

Briefs Briefs are the cut with wider styles than their thin waistband bikini counterparts. Some are made without a fly, which is the most common lately and some are the older traditional style like [Hanes brand](#) that typically have a fly front for men.

Boxers **Boxers** are loose and often worn as lounge-wear as well as underwear for women or men. Boxer briefs provide a bit more support as they are close to the legs and are preferred by many men especially in cold weather. Our brands include [ABCUnderwear](#), [Calvin Klein](#), [NDS Wear](#), [LOBBO](#), [Jocko](#), [Go Softwear](#) to name a few

Sports Underwear **Sports underwear for men** is typically moisture wicking and supportive but may also include the **athletic supporters** whether they be with or without cups. They are made to allow freedom of movement and those with cups are made for protection of the male anatomy. We have thousands of styles or garments for the modern male so we are sure to have something for every man no matter what his style or taste may be.

Thongs Be sure to visit our men's thong section to view a huge selection of them for men in a wide variety of fabrics and styles. We have hundreds of styles and thousands of pieces in stock at our online store or the Phoenix location.
