OUR FIRM

At AZTS,

We understand the services we provide to our clients really boil down to one thing: relationships. Being there

INTEGRITY

Honesty, integrity and ethics in all we do

We Are Different

for our clients for the long haul and sharing in their successes and their challenges. Understanding not just their business and personal financial needs, but understanding them.

Founded in 1957, Anderson ZurMuehlen has leveraged technology to provide outstanding service to our clients for over 60 years. We believe our success is firmly rooted in two things; great technology and relationships. Unlike a typical IT solution provider, we select our clients because we want to partner with them.

Let us share our expertise with you so you can focus on serving your clients.

TEAMWORK

Teamwork in an atmosphere of mutual respect

TALENT

Employing talented, caring and responsible people

LEADERSHIP

Giving back to the communities we serve

TOP TEN TRENDS AND KEY RECOMMENDATIONS FOR 2019

Cyber-attacks are increasing in sophistication and magnitude of impact across all industries globally. According to a recent report issued by the U.S. Security Exchange Commission (SEC) the average cost of a cyber data breach is \$7.5 Million and is continually increasing in value year over year. While all organizations are potential targets of cyber-attacks, the [...]

SMART DEVICES

Traditionally only a few of your devices at home could connect to the Internet, such as your laptop, smartphone, or gaming console. However today, more and more devices are connecting to the Internet, from your lightbulbs and speakers to your TV, locks on your door or even your car. Soon, almost every device in your [...]

CREATING A CYBER-SECURE HOME

Several years ago, creating a cyber-secure home was simple; most homes consisted of nothing more than a wireless network and several computers. Today, technology has become far more complex and is integrated into every part of our lives, from mobile devices and gaming consoles to your home thermostat and your refrigerator. Here are five simple [...]

6 WAYS TO GET MORE VALUE FROM AN IT CONSULTANT

IT consultants are many things – experts in their field, champions of the workaround and, generally, the “people persons” of the tech field. But they’re not magicians who, with the wave of a smartphone, can solve any dilemma you throw at them. Here are six ways to get more value from your company’s next IT [...]
