

## PRECISE

- Records each .001" (one thousandth of an inch) or .1 mm of rain.
- Records up to 10" of rainfall per hour.
- Keeps rainfall total up to 99.999 inches (9999.9 mm).
- Convenient one-touch reset button lets you keep annual, monthly, or storm-by-storm rainfall totals.

## SIMPLY WIRELESS

- No wires to run, thanks to unique integrated display.
- Visible liquid crystal display, with 3/8" numerals readable from ten feet away, or from inside the house.
- Operates on one AA battery (included).

## SELF-EMPTYING

- No moving parts
- Gold-plated sensors for reliability
- Easy to clean
- Not damaged by freezing conditions

Limited 90-day Warranty
