## *LIKETOKNOW.IT | LET'S GO SHOPPING*

LIKEtoKNOW.it is where consumers come to not only be inspired, but to Shop real looks from a curated group of influencers, tastemakers, stylists and celebrities (that's you!) across all lifestyle categories—fashion, home, beauty, family and more. They don't consider you *just* influencers. In fact, most of them view you as their most trusted fashion-

forward friend, the interior design genius they wish could renovate their home, or the beauty queen who always knows what lipstick shade looks best.

While taking them on a shopping spree to the mall may not be possible, shopping with you on LIKEtoKNOW.it is the next best thing. Via your profile, the invite is always open, almost as if you're constantly saying "LET'S GO SHOPPING!"
