

WE FUTURE PROOF YOUR RESEARCH

A SCALABLE, SECURE & COMPLIANT CLOUD PLATFORM AT THE FOREFRONT OF INNOVATION

The Platform

Powerful and purpose-built to enable a faster and more efficient journey to discovery.

COMPLEX DATA ANALYSIS

Process hundreds of terabytes and beyond.

HIGH-VELOCITY COMPUTING

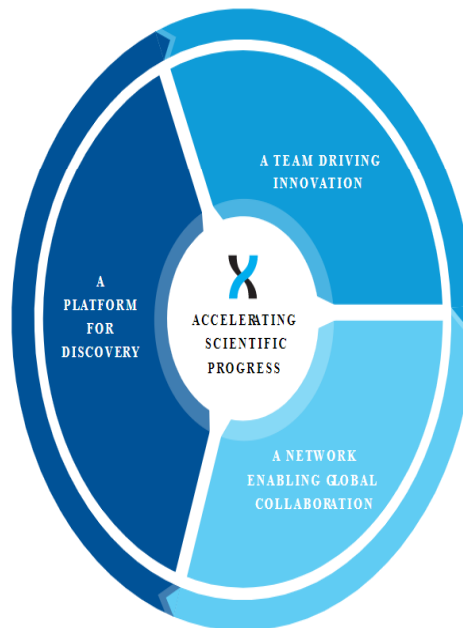

Churn through hundreds of thousands of samples and trillions of data points in seconds.

PURPOSE-BUILT INFRASTRUCTURE

Spend more time discovering and less time managing.

SECURITY & COMPLIANCE

The industry's only bioinformatics platform granted ATO under FedRAMP moderate.

Science First

We care about accelerating discovery as much as you do. We build products that let you focus on what matters most. Science.

RAPIDLY CONFIGURED SOLUTIONS

Our products are flexible and configurable to your specific needs, so you can get the most out of your data.

Global Research

Network

Simplify team collaboration and readily integrate global collaborators, securely and in compliance with regulatory standards.

COLLABORATION FUELS INNOVATION

Connect cross-disciplinary teams and encourage rapid ideation.
