FOCUS GOLD _____

The FOCUS Gold power supplies are the ideal choice for people who do not want to break

- ATX 12 V
- Fixed Cables
- 80 PLUS Gold Certified

OVERVIEW

80 PLUS® GOLD

Seasonic was the forerunner of creating the very first 80 PLUS® Gold certified power supply on the market and since that time it has built a very popular Gold series lineup that covers a full power range of power supplies with impeccable performance and efficiency.

The highly efficient 80 PLUS® Gold certification guarantees greater than 87 %, 90 % and 87 % efficiency at 20 %, 50 % and 100 % operating loads, respectively. The clear advantage of buying a power supply with 80 PLUS® Gold rating is the fact that the less energy gets wasted during power conversion, the lower the operating costs will be for the user.
