

PROJECTION ON GLASS

Add Floating Video on your glass in minutes with the global leader in projection on glass technology. Screen Solutions has been providing projection on glass solutions since 2005. Apply this thin film to your glass with our application fluid and squeegee, turn on your projector and just add content.

WHY PROJECTION?

- Any shape, any size, any glass.
- Use your projector or ours, we also have turnkey solutions for a seamless installation experience. Bring your storefront to life with video on glass!

COMPLETE SOLUTIONS STARTING AT \$2499.99

- Projection on Glass Film
- Projector
- Projector Mount
