## REAL ESTATE

### Creating Collaborative Campuses that Enable the World's Most Innovative Companies to Develop Scientific and Technological Breakthroughs That Benefit Humankind

Alexandria Center® for Life Science – New York City

We own, operate, and develop collaborative life science, technology, and agtech campuses in the top urban innovation cluster locations in North America.

#### Our Campuses

Every detail on our urban innovation campuses is intentionally designed to **foster innovation, drive productivity, and enhance collaboration.**

*That's What We at Alexandria Care About, That's What's in Our DNA™*

The Alexandria Center® for Life Science – New York City, our flagship campus, offers a vibrant ecosystem with first-in-class offerings and creative amenities to support the growth and success of a range of high-quality tenants, from top multinational companies to high-growth startups.
