## 01 - OUR TERMINALS

# We operate a strategic

# network of equity terminals, serving wholesalers who supply retailers across the country.

With an aggregate storage capacity of more than 8.2 million barrels, our equity terminals lace through Texas, Florida, Georgia, the Carolinas, Virginia and Maryland. Our terminals, along with many contracted locations where product is available to our customers, provide a source of gasoline, distillate, jet and bio-fuel products that can then be further transported via tanker trucks, pipelines, railcars, and marine vessels.

02 - MARINE CAPABILITIES

# Cost-Effective and Efficient Maritime Solutions

Motiva's Marine Logistics Team provides full-service maritime capabilities, including the vetting, chartering and scheduling of marine vessels. As maritime specialists, we have strong working relationships with maritime authorities and advisers to ensure excellence in marine operations.

We offer marine supply solutions at four of our equity terminals - Port Neches, Texas; Port Arthur, Texas, Port Everglades, Florida, and Tampa, Florida. Our marine terminal network gives Motiva the flexibility to respond to market supply disruptions quickly and efficiently in order to resupply our customers.

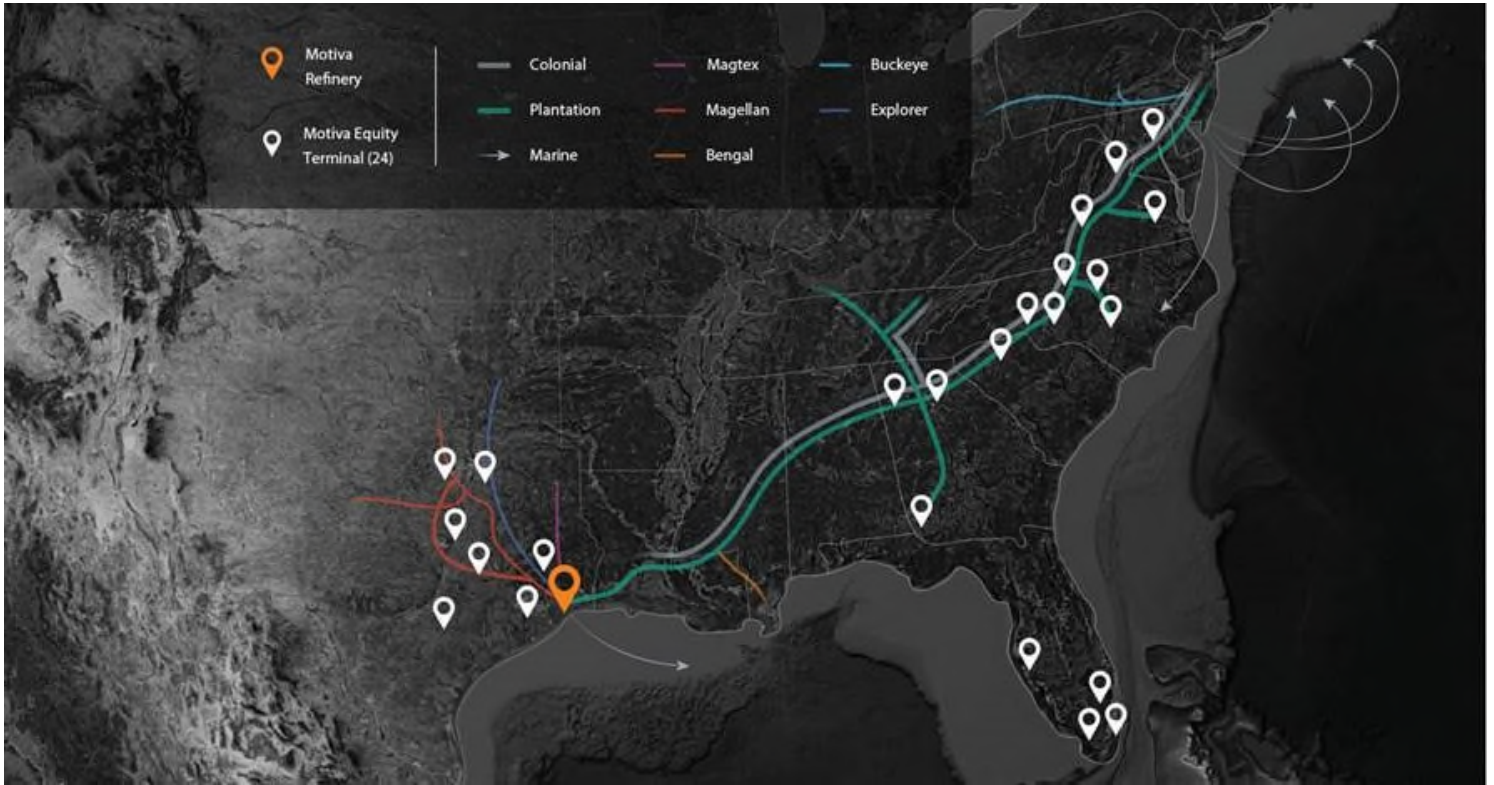

### 03 - LAND LOGISTICS

## Procuring Truck and Rail Solutions to Optimize the Supply Chain

Motiva's land logistics team provides cost-effective and efficient truck and rail distribution solutions for the movement of raw materials to our customers. For bio-fuels and ethanol customers, Motiva has rail hubs in

Doraville, Georgia and Port Everglades, Florida, giving customers the flexibility to move product through the supply chain by multiple routes.
