

WELCOME!

Connect IT is where thousands of leading IT professionals, business owners and industry leaders gather to discuss the ever-evolving march of information technology and its impact on modern business. Together, we dig into the latest trends affecting Managed Service Providers and Internal IT teams, and collaborate to set the course of IT Management for the future. This premiere IT event brings together the

COMMUNITY

For every Connect IT, the feedback is the same: the most

to be the biggest yet. With a rich agenda full of interactive sessions, in-depth training, social interaction, and an exploration of the latest technology solutions, this event provides engaged IT professionals a focused and efficient way to extract more value out of the tools they rely on every day. Whether participating in contests to demonstrate their IT management knowledge, engaging with peers to devise new business strategies, attending certification-earning training, or meeting with industry leaders, there's no better place to learn, grow and solve your IT challenges.

via the conversations you have with each other during sessions, breaks and casual interaction.

INDUSTRY

We've assembled an all-star cast of industry luminaries to provide actionable advice on how to improve every part of your business - from operational efficiency to scaling revenues, entering new markets, or even preparing an exit strategy.

BE CONNECTED

You're always trying to improve your business and optimize your use of IT solutions. So what makes Connect IT so special? If you're asking yourself this question, or just need help convincing your boss to send you –

NETWORKING

It's who you know! Whether peers who can influence your perspective on business or technology, industry leaders who can guide you to new heights, investors who might help you grow, or the leadership at Kaseya who will hear and respond to your requests, there are plenty of people to meet and CONNECT to.

TRAINING

Even the best tools are useless if they go unused or under-used; come and get the training on the latest innovations across the entire IT COMPLETE suite.

ROADMAP INFLUENCE

'The squeaky wheel gets the grease'; this event is perhaps your best opportunity to guide and influence the Kaseya product roadmap. Every year, more than 100 individual meetings are held between Kaseya's C-level executives and our customers; come be part of the conversation and make sure you get what you need!

here are the top
benefits of attending
Connect IT 2020.

AGENDA

Connect IT 2020 is packed with more opportunities than ever to make sure you go home with actionable insights, steps to better leverage your investment in our products, and tangible advice that you can put into effect right away.

EDUCATIONAL PRESENTATIONS

From our product boot-camps, to an extensive line up of credit-earning training on Process Automation, Business Management, Backup & Disaster Recovery, Security, Compliance and more, there's always something to learn.

CERTIFICATIONS

Take your knowledge to the next level and demonstrate your IT management expertise with our certification programs at Connect IT. These certifications will provide opportunity to learn how to strengthen your CyberSecurity prowess. You will also have the opportunity to become a Kaseya Certified Administrator for VSA and BMS. Learn more about our certifications available at Connect IT.

NETWORKING, ENTERTAINMENT & AWARDS

Our agenda for 2020 is rich with industry experts covering topics from the latest in security and regulatory compliance to methods to position your business for merger or acquisition. We'll have some fun too, with an awards ceremony, live music, and other entertainment during our social events, and maybe we'll hear from a special speaker – stay tuned!

HIGHLIGHTS

CONNECT IT COMMUNITY

Join with your peers to share stories, explore solutions, and advance IT together. Take advantage of one of the best ways to stay connected to each other and technology at Connect IT.

One of the big things I enjoy about Connect IT is having the opportunity to sit at a table multiple times and talk to somebody who does exactly what I do.

MICAH THOR, COO
TECH GURU

BUILDING IT COMMUNITIES EVERY DAY.

Essentially it pays for itself in the first four hours, as soon as you start talking to some of your colleagues and various cohorts who are dealing with the same struggles you are going through, asking them how they approach the problem – and then having that light bulb moment of “Oh I can do it that way”.
