## THE EXPERIENCE

---

This is a celebration of our city, the people who help bring others joy and the selfless spirit that defines our community. It is a one-night intimate event where we set aside ego and come together to raise awareness and funding for pediatric cancer research. Noah's Bandage Project was founded by a 6-year-old boy and you've been hand-selected to help carry on his legacy of providing hope to the 43 children diagnosed with cancer each day.
