

We do more than design and build interiors - we create experiences

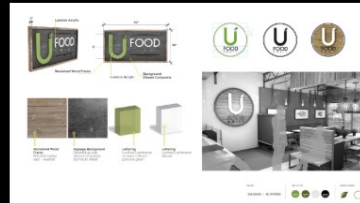

Our capabilities allow us to enter projects at any stage, and deliver them with reliability, scalability, and ease. It's the entire experience that keeps customers coming back.

BRAND STRATEGY & CONSULTING

Your brand is the way your customers experience your unique offering. Our branding services can start from the very beginning with name development, logo design, and color palette creation, or we can assist in analyzing and refreshing your existing brand.

- Brand Audit
- Brand Discovery
- Brand Consultation
- Art Direction
- Brand Positioning

DESIGN

We combine our talent, experience, and creativity with our understanding of the client's needs to design interiors that are focused on exceeding the expectations of our clients - and, most importantly the expectations of our clients' customers.

- Master Planning
- Space Planning
- Fixture Planning
- Concept Development
- Product Design
- 3D Modeling
- Fixture Prototyping
- Shop/Build Drawings
- Brand Enhancement
- Graphic Design
- Logo Design
- Environmental
- Wayfinding
- Signage
- Interior Design
- Brand Design
- Experience Design
- Design Consultation

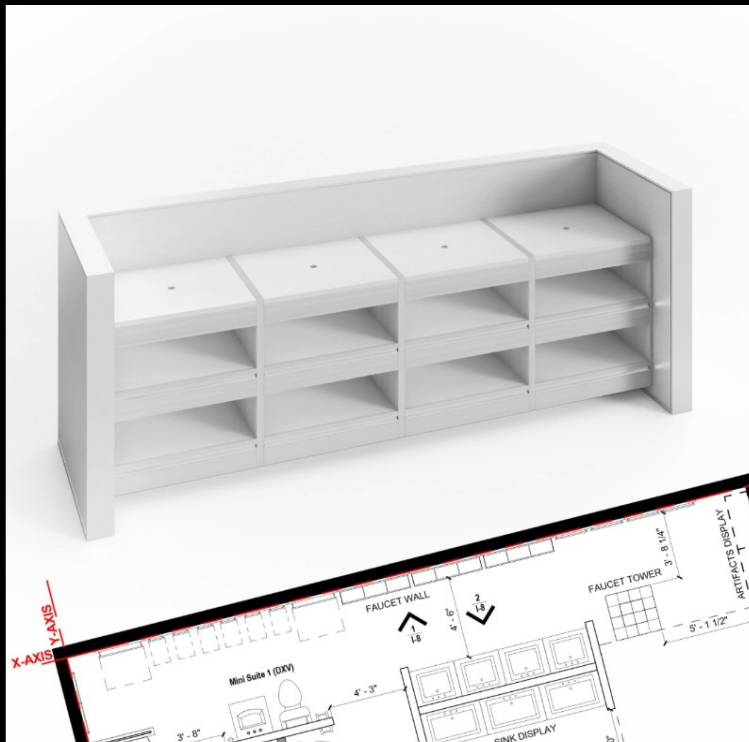

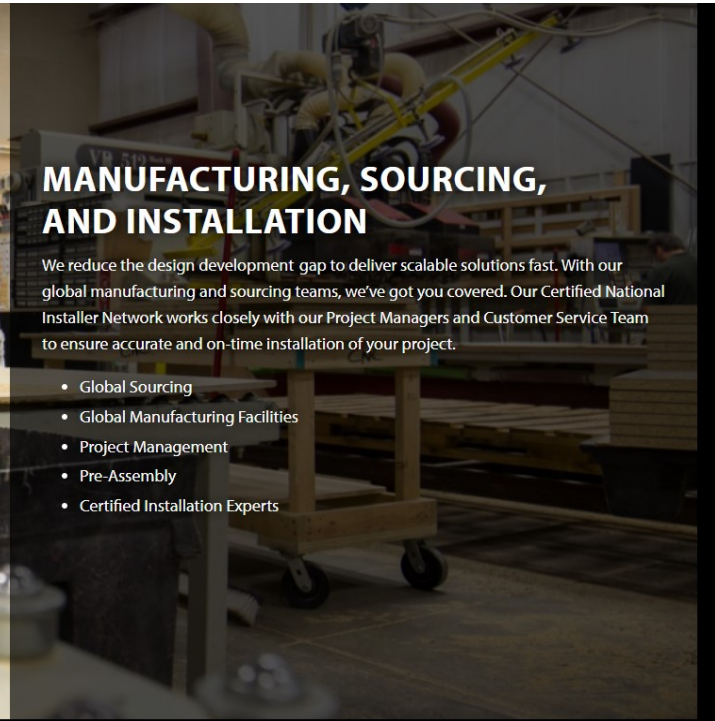

MANUFACTURING, SOURCING, AND INSTALLATION

We reduce the design development gap to deliver scalable solutions fast. With our global manufacturing and sourcing teams, we've got you covered. Our Certified National Installer Network works closely with our Project Managers and Customer Service Team to ensure accurate and on-time installation of your project.

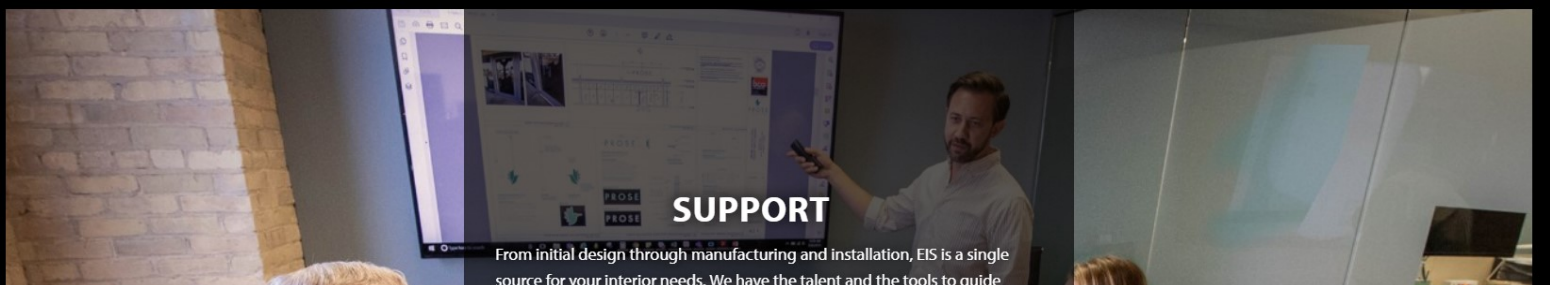

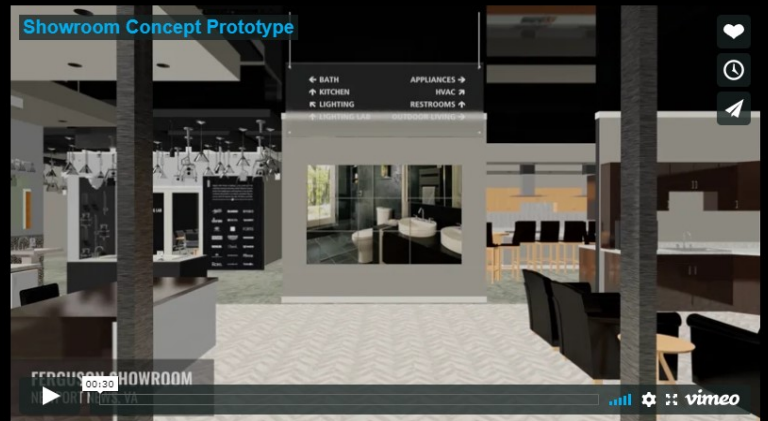

- Global Sourcing
- Global Manufacturing Facilities
- Project Management
- Pre-Assembly
- Certified Installation Experts

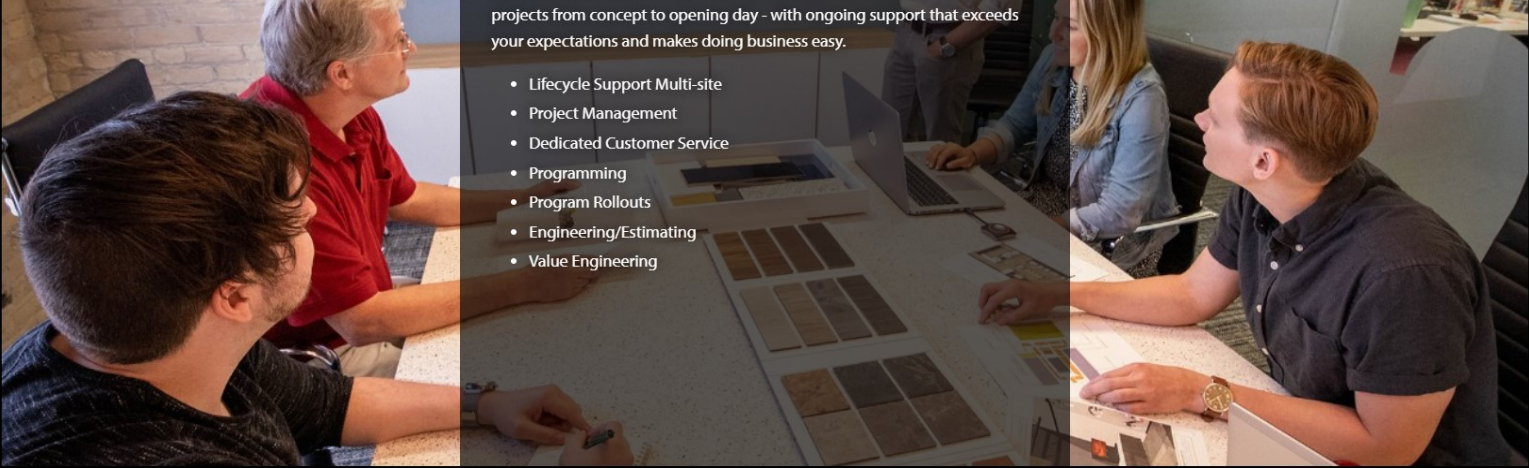

PROTOTYPES & PRODUCTS

Where form and function meet. Experts in the art of mass craft and global sourcing, we bring great design to life, creating environments that provide a sense of pride.

- Fixture Prototyping
- Fixture Manufacturing
- Prototype Proof
- Mass Craft

From initial design through manufacturing and installation, EIS is a single source for your interior needs. We have the talent and the tools to guide

projects from concept to opening day - with ongoing support that exceeds your expectations and makes doing business easy.

- Lifecycle Support Multi-site
- Project Management
- Dedicated Customer Service
- Programming
- Program Rollouts
- Engineering/Estimating
- Value Engineering
