CANNABIS MARKET TO GROW IN 2019

The Farm Bill and changes the most populated countries with regards to the cannabis plant will fuel expansion. Changes that will fuel the industry include adult-use in California as well as Canada. It is anticipated that full federal legalization and continue to expect a nationwide resolution between the states-federal laws to be completed by 2021....

INVESTING IN CANNABIS: CERTAINTY IN AN UNCERTAIN MARKET

For those who may be interested in investing in the cannabis sector... Let's do away with the age-old adage and nomenclature – it's 2019 and the trends are shifting. According to Grandview Research, the global legal cannabis market is set to explode to an unbelievable USD \$146.4 billion by the end of 2025. The industry...
