## ABOUT US

### The Way Nature Intended

We specialize in portioned and processed chicken products that provide the absolute highest quality proteins the way nature intended. Consumers can see the benefits of products that are more natural and are looking for transparency and purity in what we put in our bodies. Clearfork Chicken is a poultry program brand that provides everything we as health-conscious consumers are looking for in the protein we consume the most. Our chicken is raised:

No Antibiotics EVER

Cage Free

### No Antibiotics EVER!

Our commitment to excellence and partnership with wholesome and environmentally friendly producers ensures our poultry is met to the highest standards.

### Global Animal Partnership

Clearfork's alliance with The Global Animal Partnership means that chickens are humanely raised with Animal Welfare in mind.
