### ATN X-Sight 4K Pro 5-20x Day/Night Riflescope

The ATN X-Sight 4K Pro Edition 5-20x Smart HD Day/Night Riflescope takes an already powerful scope and adds high-resolution night vision for shooting in all light conditions. These Night Vision Riflescopes by ATN features a super sensitive 4K ultra HD sensor with a dual core processor for the power to record and stream video at the same time, and video can be instantly recorded through recoil activation. The ATN X-Sight 4K Pro 5-20x Smart Riflescope was built with classic designs so you can mount this to your favorite rifle with standard 30mm riflescope rings, and boasts an 18 hour battery life for reliability. The ATN X-Sight 4K Pro 5-20x Smart Riflescope is the perfect scope for anyone who needs outstanding performance day and night.
