DESCRIPTION

REVIEWS

Woosh Shoe Defender is a fast drying, water resistant spray for shoes. Unlike silicone-based sprays, Woosh Shoe Defender has a fluoro-carbon coating that is transparent and leaves no stains or residue. The spray will dry in 20-30 minutes and will be revived if washed carefully in cool, soapy water and warmed up with a hairdryer or tumble dryer.

Product Features

- True Rain & Stain Protection
- Nano-Technology Gives Water and Oil Protection
- Durable Chemically Resistant Formula
- Colorless Coating
- Fast Drying Allowing For Several Coats
- High Solids Content, Non-Staining Formula
- Coating Can be Cleaned and Revived with Warm Air
- Can Be Used on Breathable Materials and Still Retains the Breathable Nature of the Fabric
- More Chemically Resistant Than Silicone-Based Sprays
