

Versa Key™

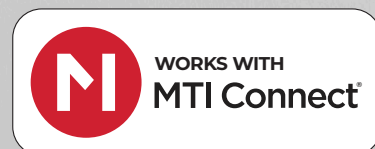

Fast. Reliable. Low Cost.

The Industry's easiest to use, lowest cost & most reliable key.

- **Low Cost.** Versa Key™ is low cost, so you can afford to outfit your entire team. Lose a key? No worry. Versa Key™ can be deactivated with a few keystrokes.
- **Secure.** Proprietary data formats and encrypted RFID technology make the Versa Key™ the most secure key in your store.
- **Increased Speed of Service.** No more waiting for a key. Eliminate customer wait times and increase sales.
- **Faster.** Keys that work the first time. Every time. RFID technology arms/disarms products with a simple tap. No more fumbling for hard to reach key slots.
- **Fool Proof.** Tired of forgetting to charge the key? Versa Key™ doesn't require charging, syncing, won't break and arms or disarms in seconds.

Enable Versa ID™ with MTI Connect®

- **Real-Time Forensic Reporting.** Reduce shrink & increase accountability. No waiting for nightly data sync or worry about losing data if a key is lost, damaged or isn't charged. Get forensic data logs by store associate for each interaction.
- **Multi-factor authentication.** Ensure each key is used only by the authorized user.
