WHAT IT IS

A luxurious cleansing balm designed to soothe inflammation and replenish lacklustre skin. 4.06 oz. Imported.

WHAT IT DOES

Gentle enough for even the most sensitive of skin, this soothing cleanser removes daily impurities and makeup with its hydrating balm texture without causing dryness or irritation. Infused with enzymes to calm skin and reduce signs of flushing, a beta-glucan derivative for protection against skin stress, and our unique NAC Y2 complex, the recovery-enhancing formula preserves the delicate balance of skin making it ideal for post-treatment care.
