#### Details

#### WHAT IT IS

Inspired by the invigorating effects of extreme cold on the skin, this innovative hydrogel mask works to eradicate the effects of fatigue by alleviating puffiness and dark circles while also improving the resilience of the delicate under-eye area. The powerful formula contains innovative ingredients which cool the eye area, with its effects intensified if kept in the fridge; the result is an awakened, uplifted, enlivened eye area. 8 x 0.2 oz. Imported.
