# CloudDesk

Boost productivity of remote employees

What Is CloudDesk?

The CloudDesk app creates a trusted remote working environment where employees feel proud to confirm that they are "here" – part of a focused and integrated labor pool regardless of their physical separation.

Values

Know who is working and who is not. CloudDesk establishes reliable oversight for

your remote employees so you can have greater peace of mind.

CloudDesk strengthens accountability and enables your employees to remain focused,

especially those who might not be used to a remote working environment.

Especially during times of uncertainty, keeping remote employees focused and

helping them to accomplish their goals is critical to maintaining a healthy business.

Features of CloudDesk

Remote Check-In

Enable employees to check-in when they start working.

Attendance Confirmation

Periodically prompt employees to confirm their engagement throughout the working day.

Robust Insights

Capture employee photos when they check-in to document attendance and optionally log screenshots.
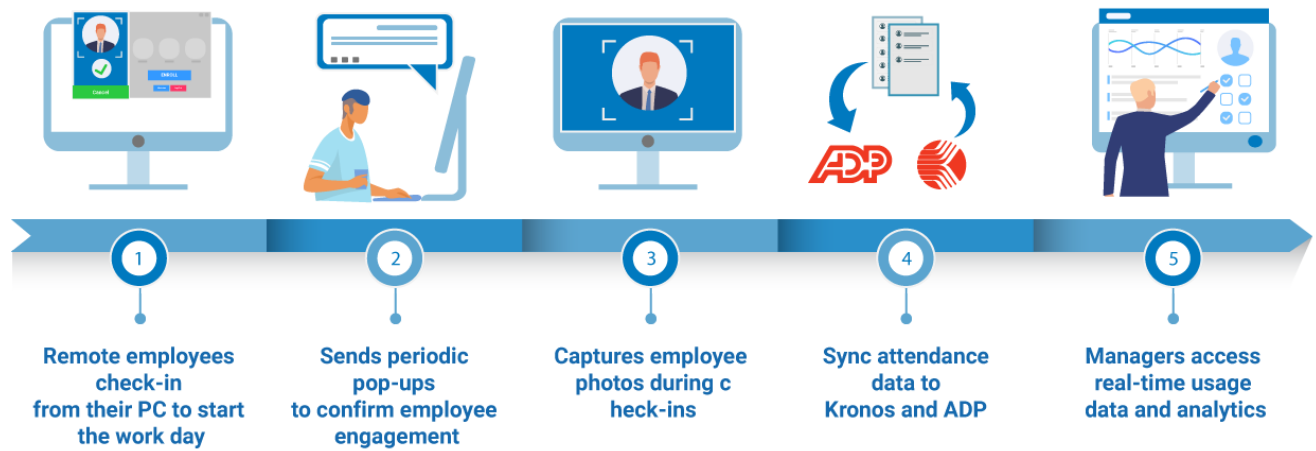

Seamless Integration and Management

Optionally sync attendance data with Kronos and ADP through our seamless integration.

Platform Flexibility

Support for web & mobile apps (Android and iOS) enable admins to administer user settings and analyze data across various devices.

How Does It Work?

| 1	2	3	4	5
Remote employees check-in from their PC to start the work day	**Sends periodic pop-ups to confirm employee engagement**	**Captures employee photos during c heck-ins**	**Sync attendance data to Kronos and ADP**	**Managers access real-time usage data and analytics**

Why Choose CloudDesk?

Affordable Pricing

Pricing starts at only $10/user/month! The CloudDesk app subscription also provides access to additional business productivity apps that are offered through the CloudApper platform.

Create a Trusted Environment

The app creates a trusted remote working environment where employers have more confidence in employee participation while working remotely.
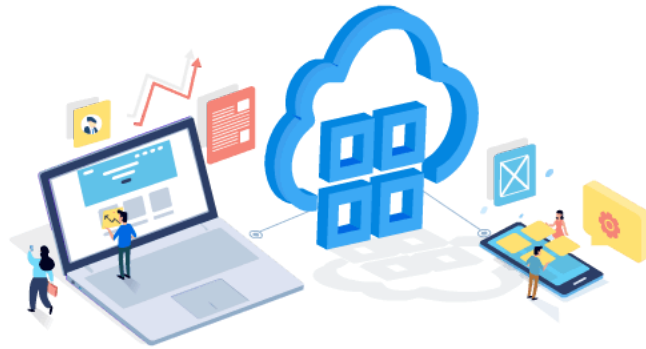

Increase Business ROI

Keeping remote employees focused protects your business from unwanted loss. As a result, operations and goals can stay on track even during times of heightened concern.
