

And best of all, the Savings Snapshot is provided to you quarterly, so you are regularly informed about where you are on your path towards retirement. PCS is committed to making it easy and straightforward to save for retirement. The Retirement Savings Snapshot does just that – it helps you move in the right direction.

### Retire On Time™

RetireOnTime™ allows plan participants to enter information about their retirement assets outside the plan, offering a complete assessment of their chances of reaching their stated retirement goals. RetireOnTime™ then provides participants with a report of the results and recommendations, which may include adjusting levels of contribution to improve retirement projections.

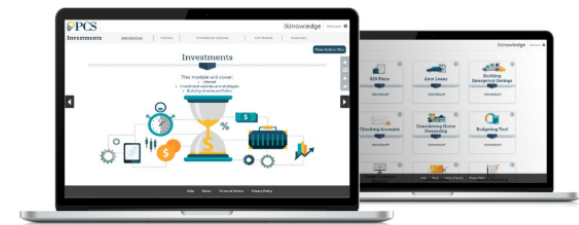

### Evergreen Enrollment Materials

Our Evergreen Enrollment Materials (including dynamically updating required fiduciary notifications) offers detailed guidelines and insight for participants to easily enroll into the retirement plan. Built right in are instructions for enrolling online, information about the participant's investment options, and forms associated with the plan. [Click here](#) to view a sample guide.

### (k)nowledge

(k)nowledge offers a wide array of educational content on subjects ranging from credit cards and identity protection to estate planning, with more than 12 distinct modules. These modules are offered in both English and Spanish that employ video, animation and gaming to engage and ultimately reward participants for taking control of their financial future.
