Centerline Wheels 000P Convo Pro - Polished Rim

000P Convo Pro - Polished Rim

Overview & Specs | About Manufacturer | Read Reviews | Large Image

CenterLine's dedication to excellence in engineering helped them, formerly a small tool company, to establish into one of the top wheel manufacturers known worldwide.

Because of their commitment to innovation, Centerline wheels is acknowledged with being the first to invent and manufacture a wheel using a groundbreaking rotary forging process.

CenterLine wheels has a rich heritage in motor sports and centers that produce the most technologically state-of-the-art wheels for automotive, light truck, and racing applications.
