About

Safety

CWP has a fully implemented written safety program.

The program includes:

- New Employee training
- Quarterly company wide safety meetings
- Weekly work site toolbox talks
- Weekly work site inspection reports
- Substance abuse program
- Annual company wide training classes
- Site specific safety plans

Technology

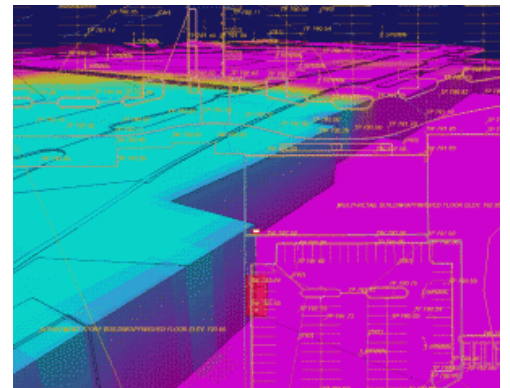

CWP stays on the cutting edge of technology.

(<https://www.purpero.com/wp-content/uploads/2013/10/earthworks.gif>) Even from the beginning stages of project development, CWP uses programs like Earthworks 3D to better predict outcomes in the field.

All of our foremen are equipped with laptops and can access the internet from any location.

Since CWP invested in fully automated GPS equipment, accuracy and efficiency has increased productivity in the field since 2002.

For road building, site work, contour grading, or any other complex surface grading requirements, the use of GPS has nearly eliminated grade stakes and provided unmatched grade control capability.

Signatory Unions

CW Purpero is signatory to the following unions:

(<http://www.iuoe.org/>)

International Union of Operating
Engineers Local 139
(<http://www.iuoe.org/>)

(<http://www.liuna.org/home>)
