

QUALITY CRAFTSMANSHIP

More than 70 years of industry experience enables LTI to engineer and build equipment that lasts >

LTI IS CHANGING HOW FOOD IS SERVED.

Since 1947, LTI has been leading the industry in the design, durability and innovation of custom counters. We build state-of-the-art mechanical serving technologies that enable you to serve and display the varied menu options required by your patrons. We provide turnkey solutions to your new servery with flexible, convertible and energy-efficient serving technologies, well-crafted beautiful millwork and installation services to tie it all together. Our experienced team would love to assist with your next project - small or large.

We're enriching lives through leadership in food serving solutions.
